In re Patent No. 6,494,460 :
Issue Date: December 17, 2002 :
Application No. 09/750,624 :
Filed: December 26, 2000 :
Attorney Docket No. **860-20-008** :

ON PETITION

This is a decision on the petition under 37 CFR 1.378(c), filed August 1, 2011, to accept the delayed payment of a maintenance fee for the above-identified patent.

This patent expired at midnight December 17, 2010, for failure to pay the 7½ year maintenance fee. Since this petition was submitted within twenty-four months after the six-month grace period provided in 37 CFR 1.362(e), the petition was timely filed under the provisions of 37 CFR 1.378(c).

The petition is **DISMISSED**.

If reconsideration of this decision is desired, a petition for reconsideration under 37 CFR 1.378(e) must be filed within **TWO (2) MONTHS** from the mail date of this decision. No extension of this two-month time limit can be granted under 37 CFR 1.136(a) or (b). This is **not** a final agency action within the meaning of 5 U.S.C. § 704.

Any petition for reconsideration of this decision must be accompanied by the petition fee of \$400 as set forth in 37 CFR 1.17(f). The petition for reconsideration must include the lacking item(s) noted below, since, after a decision on the petition for reconsideration, no further reconsideration or review of the matter will be undertaken by the Director.

A petition to accept the unintentionally delayed payment of a maintenance fee under 35 U.S.C. 41(c) and 37 CFR 1.378(c) must be accompanied by: (1) a statement that the delay was unintentional; (2) payment of the appropriate maintenance fee, unless previously submitted; (3) payment of the surcharge set forth in 37 CFR 1.20(i)(2). This petition lacks item (1) above.

The statement of delay is not acceptable. In this regard, petitioner's attention is directed to 37 CFR 1.33(b), which states.

(b) Amendments and other papers. Amendments and other papers, except for written assertions pursuant to § 1.27(c)(2)(ii) of this part, filed in the application must be signed by:

(1) A registered patent attorney or patent agent of record appointed in compliance with § 1.32(b);

(2) A registered patent attorney or patent agent not of record who acts in a representative capacity under the provisions of § 1.34;

(3) An assignee as provided for under § 3.71(b) of this chapter; or

(4) All of the applicants (§ 1.41(b)) for patent, unless there is an assignee of the entire interest and such assignee has taken action in the application in accordance with § 3.71 of this chapter.

An unsigned amendment (or other paper) or one not properly signed by a person having authority to prosecute the application is not entered. This applies, for instance, where the amendment (or other paper) is signed by only one of two applicants and the one signing has not been given a power of attorney by the other applicant.

Therefore, as the petition is not signed by all the inventors and the record herein fails to disclose that petitioner herein (Sarah Lee Ling Uth) was ever given a power of attorney to act on behalf of inventor Karl E. Uth, or that he is an assignee of the entire interest and has complied with the provisions of 37 CFR 3.73(b), the petition is considered to not contain a proper statement of unintentional delay.

In sum, petitioner must submit a petition signed by all the inventors, unless petitioner herein is the assignee of the entire right, title and interest in the instant patent application, then compliance with 37 CFR 3.73(b) must be satisfied. A blank certificate under 37 CFR 3.73(b) form (PTO/SB/96) is enclosed with this decision for petitioner's convenience.

The file does not indicate a change of address has been submitted, although the address given on the petition differs from the address of record. If appropriate, a change of address should be filed in accordance with MPEP 601.03. A courtesy copy of this decision is being mailed to the address given on the petition; however, the Office will mail all future correspondence solely to the address of record
